In the article “The CircRNA-ACAP2/Hsa-miR-21-5p/Tiam1 Regulatory Feedback Circuit Affects the Proliferation, Migration, and Invasion of Colon Cancer SW480 Cells” [Cell Physiol Biochem 2018;49:1539-1550; DOI: 10.1159/000493457] by He et al., following publication the authors found that the incorrect image was accidentally included as Figure 4A-Control.

The corrected Figure 4 is shown here.

**Fig. 4.** Invasion of SW480 cells determined by a Transwell assay. (A) Microscopic images of different groups of cells invading the bottom of the Transwell chamber. (B) Bar graph representing the number of invading cells in each group. Each bar represents the mean of three independent experiments. \*P<0.05, \*\*P<0.05, \*\*\*P<0.01 when compared with the control and NC groups.
