In the article “Microarray expression profile analysis of long non-coding RNAs in human gastric cardiac adenocarcinoma” [Cell Physiol Biochem 2014;33:1225-1238. DOI: 10.1159/000358692] by Wang et al., the Materials and Methods section ,Quantitative real-time PCR (qRT-PCR)’, lists the primers availability as follows: “The primers are listed in <http://cancerresearch.faisco.cn/>.” This link is no longer functional.

The primer list is available in the table below.
