

Retraction Statement

The article

“Asiatic Acid (AA) Sensitizes Multidrug-Resistant Human Lung Adenocarcinoma A549/DDP Cells to Cisplatin (DDP) via Downregulation of P-Glycoprotein (MDR1) and Its Targets”
[Cell Physiol Biochem 2018;47:279-292. DOI: 10.1159/000489806]
by Qilai Cheng, Meixiang Liao, Haibo Hu, Hongliang Li and Longhuo Wu

has been retracted by the current and former Publishers and the Editor on behalf of the authors.

After the publication of this article, concerns were raised about the integrity of some of the data presented. Specifically, partial duplication of images within Figure 2A was observed. Figure 6A and 6B were found to contain undeclared splicing of images and repetitive elements between panels. When asked to comment on the above the corresponding author stated that the original data is not available for review and requested retraction of the article. As the concerns raised about the figures can not be addressed, the article has been retracted.
