The article ‘Protective Effect of Curcumin Against Oxidative Stress-Induced Injury in Rats with Parkinson’s Disease Through the Wnt/β-Catenin Signaling Pathway’ [Cell Physiol Biochem 2017;43:2226–2241; DOI: 10.1159/000484302] by Yun-Liang Wang, Bo Ju, Yu-Zhen Zhang, Hong-Lei Yin, Ya-Jun Liu, Shan-Shan Wang, Zhi-Lei Zeng, Xiao-Peng Yang, Hai-Tao Wang and Jin-Feng Li has been retracted by the current and former Publishers and the Editor on behalf of the authors.

After publication of this article, concerns were raised about the integrity of some of the data presented in Figure 8A. The authors did not respond to our correspondence within the given timeframe and an Expression of Concern was published https://doi.org/10.33594/000000623. Subsequently, the first author on behalf of all authors requested retraction of the article as the concerns can not be addressed.

As the concerns raised about the figures can not be addressed, the article has been retracted.
