

Special Issue: Podocytes: Latest News and Perspectives of a Fascinating Cell Type

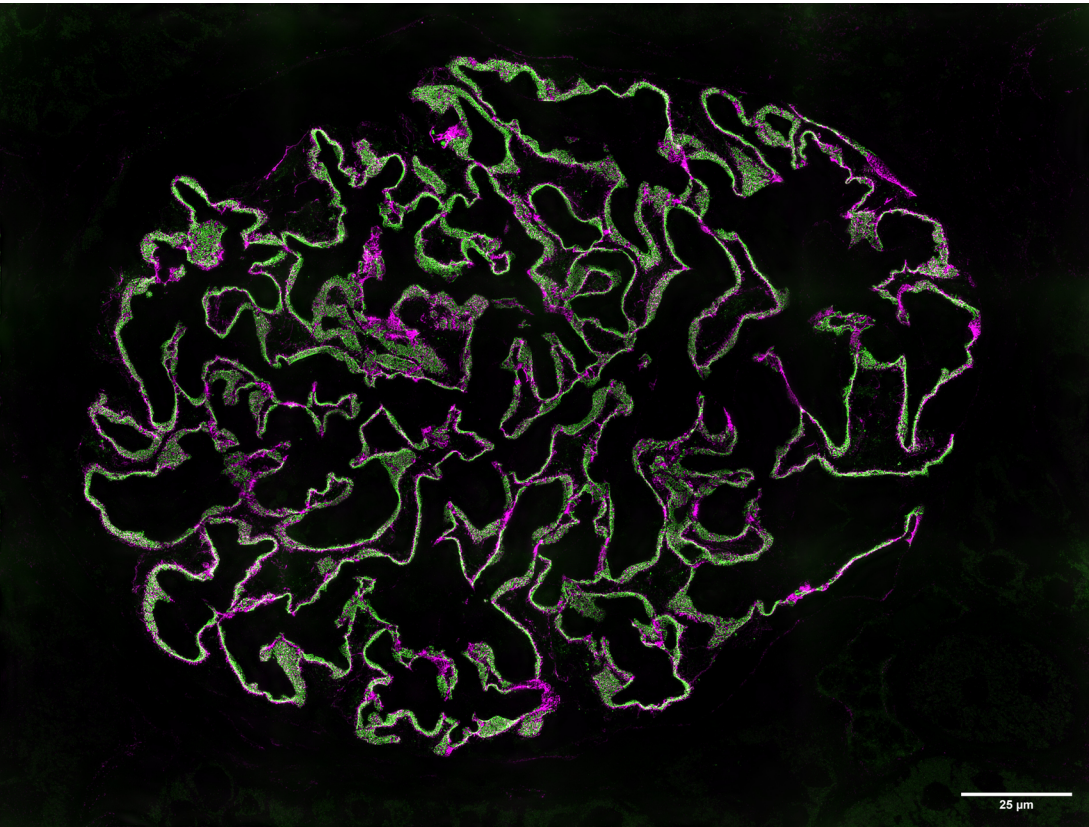

- 1
- Effects of Perfusion Pressures on Podocyte Loss in the Isolated Perfused Mouse Kidney
Strieder T. (Aachen), Puelles V. (Aachen; Hamburg), Vogt M. (Aachen), Buhl E. (Aachen), Saritas T. (Aachen), Hausmann R. (Aachen), Sterzer V. (Aachen), Leuchtke K. (Aachen), Boor P. (Aachen), Floege J. (Aachen), Moeller M. (Aachen), Stamellou E. (Aachen)
- 13
- Podocyte Sphingolipid Signaling in Nephrotic Syndrome
Li G. (Richmond), Kidd J. (Richmond), Gehr T. (Richmond), Li P. (Richmond)
- 35
- scRNA Transcription Profile of Adult Zebrafish Podocytes Using a Novel Reporter Strain
Brown C. (Edinburgh), Mullins L. (Edinburgh), Wesenraft K. (Glasgow), McConnell G. (Glasgow), Beltran M. (Edinburgh), Henderson N. (Edinburgh), Conway B. (Edinburgh), Hoffmann S. (Edinburgh), Rider S. (Edinburgh; Village-Neuf), Mullins J. (Edinburgh)
- 48
- Studies on the Role of the Transcription Factor Tcf21 in the Transdifferentiation of Parietal Epithelial Cells into Podocyte-Like Cells
Kliewe F. (Greifswald), Kuss A. (Greifswald), Siegerist F. (Greifswald), Schröder S. (Greifswald), Schordan S. (Greifswald), Artelt N. (Greifswald), Kindt F. (Greifswald), Amann K. (Erlangen), Lindenmeyer M. (Hamburg), Endlich K. (Greifswald), Endlich N. (Greifswald)
- 68
- The Intertwining of Autophagy and the Ubiquitin Proteasome System in Podocyte (Patho)Physiology
Heintz L. (Hamburg), Meyer-Schwesinger C. (Hamburg)
- 96
- A Hypercaloric Diet Induces Early Podocyte Damage in Aged, Non-Diabetic Rats
Seikrit C. (Aachen), Lausberg E. (Aachen), Buhl E. (Aachen), Gaspar R. (Szeged), Tabi T. (Budapest), Heffer M. (Osijek), Ducza E. (Szeged), Sztojkov-Ivanov A. (Szeged), Seres A. (Szeged), Szucs K. (Szeged), Ivic V. (Osijek), Floege J. (Aachen), Vari S. (Los Angeles), Boor P. (Aachen), Klinkhammer B. (Aachen)
